288 26/3/18.

Dear President Falconer,

I have just received the very kind and thoughtful congratulations of yourself and Professor Hutton on behalf of the University and my old College on the occasion of my recent mention in despatches.

It is particularly pleasant at this strenuous time to remember the pleasant time I spent at Varsity, the very good friends there, and to be reminded that although

Dr. Clifford

absent I am still one of "Dixons".

This colossal struggle seems to be reaching its climax and we are proud to be able to take part.

Sincerely,

Clifford Sifton

Major.
